

Beaver Ridge Wind Farm Tour on Saturday, Oct 1

Freedom, Maine

Advance Sign-up
Required

As an educational follow-up to the land-based wind power forum, Maine Audubon and the AMC Maine Chapter are pleased to offer an on-the-ground tour of Beaver Ridge Wind Farm in Freedom, Maine. This is a 3-turbine, 4.5 megawatt-rated facility. At full operation, it can produce enough electricity to supply 2,000 residential homes. It came online in 2008 as the second operating wind farm in Maine. The one-hour tour will occur at 11:00 AM this Saturday, October 1. To register, add your information to the sign-up sheet. Address questions to John Mullens at education@amcmaine.org.
